

The Lisa Caldwell Award

This award, named in honor of the individual who exemplifies all that is special about our department, will be presented annually by the Acadia Kinesiology Society to the student or students who best represent all that Lisa has been to this program - outgoing, helpful, knowledgeable, hardworking, spirited, one who puts others before herself, and a supporter of varsity sport. Lisa's connection with SMILE truly speaks volumes of her character - her own smile is infectious. This citizenship award will remain long after Lisa has left the school but will serve to remind us of the wonderful friend we had in our Department Secretary. (Lisa Caldwell served as the Kinesiology/Physical Education Department Secretary from February 1988 - January 2003).
